

Betting

Players have 5 betting options: Banker (B), Player (P), Banker Pair (B.PAIR), Player Pair (P.PAIR), and Tie (TIE).

Except Banker and Player, you can only choose one of the two. addition, other can bet at the same time

The point calculation

Unchanged from 2 to 9, Ace is counted as 1 point, 10, J, Q and K are counted as zero points

(10 or any two of J, Q, K. Although the composed cards are all used as zero points, they are not counted as pairs (PAIR).)

Game

8 decks of cards are shuffled and placed in the distribution box. Both the banker and the player are dealt two cards in each round.

If the banker and player have two cards totaling "8 or 9 points", they will win immediately.

Otherwise, the "Player Outs Rules" are applied first, and then the "Bank Outs Rules" are applied.

Whoever has the largest sum of points wins.
